Bud, I don't know where it is, probably borrowed & not returned, but I also had a file on FBI checking of planes out of N.O. (especially impossible ones, days after assn!

Also missing is at least one memo of a conversation with Dean Andrews we should talk about some time because he claims that Liebeler deliberately corrupted the record Briefly, LHO in his office 5 times, with Mex. but not grasp. That was only a coincidence first time.

I don't think you want it, but I have the FBI's checking of cheap hotels in N.O., Re CD used in Oct NO (1553?) Probably filed away with mss. of books.

Also in ~~D.C.~~ O in N.O. There is a place I used blanks in quoting an FBI report. One of those refers to the Mexican Tourist Representative (delegate?). He was alleged to be gay.

Hal Dick interviewed Arnold Louis Kesler a a friend and got nothing, as I recall (CD955? Re following one was released 1970).

Richmond (Tito) ~~Hoffer~~ Harpe, interest? I have clips on arrest for gun smuggling Also of de Mohrenschildt's trip in FBI reports

Haven't read. Skimmed for memo. Fewer than I thought
